

Skills assessment fast-track request form

FAST-TRACK REQUEST

This service is only available to skills assessment applicants on a case by case basis and incurs a fee. A fast-tracked application takes approximately 4-5 weeks to process. Requests to process an application in under 4 weeks will not be considered. To avoid delays, please make sure you have submitted all required documents.

ACWA will make a determination as to whether to accept the fast-track request based on the reason provided, the current processing time-frame and staff workloads. Payment will only be processed if a request is accepted and applicants will be advised of this via email.
